

Farm Plan # 2 - Egg Producers from London Region!

Hey Farmers...

You have eggs available and it's time to make some tough choices! Complete the following farm plan and be prepared to discuss the implications of each choice with the group

Where do you sell your product?

1. I sell at farmer's market and restaurants downtown Toronto
2. I sell to the Loblaws Corporation to be sold throughout Canada
3. I sell to the first place I can find, usually to the international market

How do you raise your product?

1. My chickens have access to the outside and are cage-free
2. I keep my chickens inside, but they can run around the barn
3. My chickens live in cages to keep the barn clean

Is your farm energy efficient?

1. I reuse and recycle building material as much as possible
2. I reuse and recycle building material when it is convenient
3. I am too busy to think about this

How do you treat farm employees?

1. I provide my employees with proper safety wear and equipment
2. I have certain safety equipment, but others are far too expensive
3. I just tell my employees about safety regulations, that's enough

How do you treat the surrounding ecosystem?

1. I have plants that attract beneficial insects
2. I don't need beneficial insects because I only raise chickens
3. I use chemicals on non-crop vegetation, to keep all insects away
